ABSTRACT

This report presents tables and graphs which summarize data on institutions of higher education in Kentucky from 1987 through 1996. Introducory material provides definitions of terms, lists public and independent colleges and universities in the state, and lists degree program offerings at Kentucky state-supported institutions. Tables and graphs are grouped into those providing data on enrollment, degrees conferred, faculty and staff, finances, facilities, and independent institutions (enrollment and degrees conferred). Each section is preceded by selected data highlights. Among highlights are the following: total headcount enrollment at state-supported institutions increased by 20 percent from Fall 1987 to Fall 1996 with community college enrollment increasing by 47 percent; total degrees and other formal awards conferred by state-supported institutions increased by 29 percent during this period; the largest increase in employment was in professional nonfaculty which increased by 48 percent at the universities and 279 percent at the community colleges; total revenue and expenditures both increased 89 percent during this period; the total value of the education and general plants of Kentucky public higher education institutions was estimated at $2.8 billion in 1996; and total headcount enrollment at independent institutions increased by 5 percent during this period. Dear Colleague:

Kentucky's public higher education system is made up of 8 universities and 14 community colleges. A separate board governs each university, with the community college system as a part of the University of Kentucky. This publication includes data for the public institutions as well as independent colleges and universities, bible colleges, and seminaries that are licensed by the CHE or are members of the Association of Independent Kentucky Colleges and Universities.

The CHE serves as the coordinating agency for the public institutions. As such, it is the CHE's responsibility to engage in analysis and research to determine the overall needs of higher education in the Commonwealth. The information necessary to meet this responsibility is made possible by a comprehensive data base collected and maintained by CHE staff.

This ten-year *Information Digest* contains a collection of statistical data and facts collected by the CHE, and is designed as a reference tool for those with an interest in, or a need for, information on higher education. The selection of material for this volume has been based on requests most frequently made of CHE staff, and may be utilized to complement three other annual CHE publications: *Kentucky College and University Enrollments*, *Kentucky College and University Origin of Enrollments*, and *Kentucky College and University Degrees and Other Formal Awards*.

Sincerely,

Gary S Cox

Gary S. Cox
Executive Director

Associate Degree - A degree below the baccalaureate level requiring at least two, but fewer than four, academic years of postsecondary education work.

Baccalaureate Degree - A degree generally requiring four to five academic years of college work.

Benchmark Institutions - The benchmarks are institutions which are similar to the Kentucky institutions in roles and missions, size, and programmatic composition; they are located primarily in the seven states contiguous to Kentucky.

County, State, Territory, or Foreign Country of Origin - County, state, territory, or country of student's legal residence at time of first admission to an institution.

Degree - An award conferred by a college, university, or other postsecondary educational institution as official recognition for the successful completion of a program of studies.

Doctoral Degree - The highest academic degree in a specified discipline.

Endowment Income - Includes: 1) unrestricted income of endowment and similar funds, 2) restricted income of endowment and similar funds to the extent expended for current operating purposes, and 3) income from funds held in irrevocable trust by others.

Executive/Administrative/Managerial - Persons whose assignments require primary (and major) responsibility for management of an institution, or a customarily recognized department or subdivision thereof. Assignments require the performance of work directly related to management policies or general business operations of the institution, department, or subdivision, etc. It is assumed that assignments in this category customarily and regularly require the incumbent to exercise discretion and independent judgment and to direct the work of others. This category includes all officers holding such titles as president, vice president, dean, director, or the equivalent, as well as officers subordinate to any of these administrators with such titles as associate dean, assistant dean, executive officer of academic departments (department heads, or the equivalent) if their principal activity is administrative. Note: Supervisors of professional employees are included in this category, while supervisors of nonprofessional employees (technical, clerical, craft, and service/maintenance force) are reported within the specific categories of the personnel they supervise.

Faculty (Instruction/Research/Public Service) - Persons whose specific assignments customarily are made for the purpose of conducting instruction, research, or public service as a principal activity (or activities), and who hold academic-rank titles of professor, associate professor, assistant professor, instructor, lecturer, or the equivalent of any of these academic ranks. If their principal activity is instructional, also included in this category are deans, directors, or the equivalents, as well as associate deans, assistant deans, and executive officers of academic departments (chairpersons, heads, or the equivalent). Student teachers or research assistants are considered part-time. Librarians and counselors who are not considered "other professionals" may be included as faculty. Also included are adjunct faculty employed on a part-time basis or on a full-time basis (if they were employed the full year) in the primary occupation for which they were hired.

Federal Revenue - Includes all restricted and unrestricted funds appropriated to an institution by the federal government to be expended for current operations. Also includes funds from the federal government for specific projects and programs (e.g., research).

First-Professional Degree - A degree requiring at least two years of college work prior to entrance to the program (specific degree programs are dentistry, medicine, pharmacy, law and theology).

First-Time Freshman - Student who has not previously attended any college or university, or a student who was enrolled as a high school student with early admission.

Full-Time Equivalent Enrollment -The unit of enrollment derived by the following formula: (undergraduate student credit hours divided by 16) + (graduate student credit hours divided by 12) + (law student credit hours divided by 14) + headcount of other first-professional students + headcount of post-doctoral students + headcount of doctoral dissertation students + headcount of house staff.

Full-Time Instructional Faculty - Instruction/Research staff employed full-time (as defined by the institution) and whose major regular assignment is instruction, including those with released time for research.

Full-Time Status - An undergraduate student enrolled for at least twelve semester credit hours; or a graduate student enrolled for at least nine credit hours (hours vary for first-professional full-time status).

Graduate Student - A student who holds a baccalaureate or first-professional degree, or equivalent, and is taking courses at the postbaccalaureate level.

Headcount Enrollment - The net total number of students enrolled.

Subcategories include executive management, fiscal operations, general administration and logistical services, administrative computing support, and public relations/development.

Instruction - Includes all funds budgeted or expended for credit and noncredit courses for academic, vocational, and remedial purposes in regular, special, and extension sessions. Investment Income - Includes current funds revenue, interest, and dividends not reported under endowment or any other non-expendable fund income.

Joint Doctoral Student - A student enrolled in a doctoral program at a Kentucky institution with formal arrangements for earning credit at both a doctoral degree granting institution and the participating institution. A student enrolled in a doctoral program at an out-of-state institution with arrangements for earning credit at a Kentucky participating institution is reported as graduate nondegree.

Libraries - Includes all funds budgeted or expended for all activities that directly support the collection, cataloging, storage, and distribution of published materials in support of an institution's academic programs. To be included in this activity, a library should be separately organized and serve more than one academic department or activity.

Local Revenue - Includes all restricted and unrestricted funds appropriated to an institution by local government which are to be expended for current operations or a specific project or program.

Master's Degree - A degree customarily granted on successful completion of one or two academic years of work beyond the baccalaureate level.

This category includes subcategories for physical plant administration, building maintenance, custodial service, utilities, landscape and grounds maintenance, and major repairs and renovations.

Private gifts and grants include those funds received from private donors for which no legal consideration is involved, i.e., no specific goods or services must be provided to the donor in return for the funds. Private contracts include those funds received for which specific goods and services must be provided to the funder as a stipulation for receipt of the funds.

This category includes all unrestricted gifts, grants, and bequests as well as all restricted gifts, grants, and contracts to the extent that revenues received are expended in the year received.

Professional Nonfaculty - Persons employed for the primary purpose of performing academic support, student service, and institutional support activities and whose assignments would require either college graduation or experience of such kind and amount as to provide a comparable background. Included in this category are librarians, accountants, personnel, counselors, systems analysts, coaches, lawyers, and pharmacists.

Public Service - Includes funds budgeted or expended for activities established primarily to provide noninstructional services beneficial to individuals outside the institution. This category includes subcategories for community service, cooperative extension service, and public broadcasting services.

>
> *Asian or Pacific Islander* - A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent, or Pacific Islands. This includes people from China, Japan, Korea, the Philippine Islands, American Samoa, India, and Vietnam.
>
> *Black, Non-Hispanic* - A person having origins in any of the black racial groups of Africa (except those of Hispanic origin).

Research - Includes funds budgeted or expended for activities specifically organized to produce research outcomes, whether commissioned by an agency external to the institution or separately budgeted by an organizational unit within the institution. Subject to these conditions, it includes funds budgeted or expended for individual and/or project research as well as those of institutes and research centers. Funds for departmental research that are separately budgeted specifically for research are included in this category.

Sales and Services of Auxiliary Enterprises/Hospitals - Includes all revenues, including funds assigned to debt service generated by the auxiliary enterprise and/or hospital operations. Hospital revenue is net of discounts, allowances, and provision for doubtful accounts and does not include revenues for research and other specific purpose gifts, grants, and endowment income restricted to the hospital.

29

28

Scholarships and Fellowships - Includes funds budgeted or expended for scholarships and fellowships in the form of outright grants to students selected by the institution and financed from current funds, restricted or unrestricted. Also includes trainee stipends, prizes, and awards, except trainee stipends awarded to individuals who are not enrolled in formal coursework, which are charged to instruction, research or public service, as appropriate. Aid to students in the form of tuition or fee remissions is included in this category.

Secretarial/Clerical - Persons whose assignments typically are associated with clerical activities or are specifically of a secretarial nature. Included are personnel who are responsible for internal and external communications, recording and retrieval of data (other than computer programmers) and/or information and other paper work required in an office, such as bookkeepers, stenographers, clerk typists, office machine operators, statistical clerks, payroll clerks, etc. Also included are sales clerks such as those employed full-time in the bookstore, and library clerks who are not recognized as librarians.

Service/Maintenance - Persons whose assignments require limited degrees of previously acquired skills and knowledge and in which workers perform duties which result in or contribute to the comfort, convenience, and hygiene of personnel and the student body or which contribute to the upkeep and care of buildings, facilities, or grounds of the institutional property. Included in this category are chauffeurs, laundry and dry cleaning operatives, cafeteria and restaurant workers, truck drivers, bus drivers, garage laborers, custodial personnel, gardeners and groundskeepers, refuse collectors, construction laborers, and security personnel.

Skilled Craft - Persons whose assignments typically require special manual skills and a thorough and comprehensive knowledge of the processes involved in the work, acquired through on-the-job training and experience or through apprenticeship or other formal training programs. Included in this category are mechanics and repairers, electricians, stationary engineers, skilled machinists, upholsterers, carpenters, compositors and typesetters.

Specialist's Degree - Degree in specific disciplines requiring work beyond the master's degree.

This category includes subcategories for student services administration, social and cultural development, counseling and career guidance, financial aid administration, student admission, student records, student health services, and intercollegiate athletics. Intercollegiate Athletics is categorized as a student services "educational and general" expenditure unless it is operating as a self-supporting activity and, therefore, reported as an auxiliary enterprise operation. Examples of intercollegiate athletics expenditures are salaries of coaches and trainers, officiating, travel, grants-in-aid, ticket sales, and advertising. Excluded from intercollegiate athletics are those activities that relate to intramural athletics and to student financial aid.

Technical/Paraprofessional - Persons whose assignments require specialized knowledge or skills which may be acquired through experience or academic work, such as offered in many two-year technical institutes, junior colleges, or through equivalent on-the-job training. Included in this category are computer programmers (with less than a bachelor's degree) and operators, drafters, engineering aides, junior engineers, mathematical aides, licensed practical or vocational nurses, dietitians, photographers, radio operators, scientific assistants, technical illustrators, technicians (medical, dental, electronic, physical sciences), and similar occupational-activity categories but which are institutionally defined as technical assignments. Also included are persons who perform some of the duties of a professional or technician in a supportive role, which usually require less formal training and/or experience than normally required for professional technical status. Such positions may fall within an identified pattern of staff development and promotion under a "New Careers" concept.

Tenure - Status of a personnel position, or a person occupying a position or occupation, with respect to performance or position.

Tenure Track - Positions that lead to consideration for tenure.

Tuition and Fees - Includes all charges (net of refunds) against students for educational and general purposes. Charges for room, board, and other services rendered by auxiliary enterprises are not included in this category, but are classified as auxiliary enterprises revenue.

- Graduate data include Doctoral students, and First-Professional data include House Staff.
- Calculations may not add due to rounding.
- Formula for calculating full-time equivalent enrollment: (undergraduate student credit hours divided by 16) + (graduate student credit hours divided by 12) + (law student hours divided by 14) + headcount of other first-professional students + headcount of post-doctoral students + headcount of doctoral dissertation students + headcount of house staff.
